

# Announcements for Monday, Apr. 1, Math 1553 A5-A8

- The quiz this Friday, April 5, covers 6.2 and 6.4.
- We have two homeworks due this week: the 6.2 and 6.4 Webworks are due this Thursday, April 4, at 11:59 PM.
- Midterm 3 (next Friday, April 12) covers 5.1 through 6.6. Past material is fair game as it applies to 5.1 through 6.6. A sample exam and extra practice problems for midterm 3 will be posted later this week on our calendar. Giant disclaimer: sample exam problems are not meant to be indicators of exam problems. There is a chance that some exam problems may resemble some from the sample exam.  
*However, you should not expect the exam problems to be similar problems with changed numbers, or anything close to that.*
