

## Announcements for Monday, Apr. 13, Jankowski

- ▶ This **Friday's exam (Apr. 17)** covers sections **4.1 through 5.6**. It will be given through Canvas as described in the "Quizzes and Exams" section of the [Math 1553 online transition guide](#). The exam will be **75 minutes** once you open it.
- ▶ We have **two** homeworks due this week: the **5.5** and **5.6** Webworks are due this **Thursday, Apr. 16, at 11:59 PM**.
- ▶ Sample Midterm 3A is available on Canvas, and should be roughly similar in style to our upcoming Midterm 3. When you submit Sample Midterm 3A on Canvas, you will see the correct answers.
- ▶ I also posted a Sample Midterm 3B (and solutions) on the course calendar. It is a traditional sample midterm and is meant as extra practice.
